CAREY'S CAPHARTIC CANDIES.

The days of disgn-ting and dangerous pills, made of mercury and alors, of nauseous salts and senna, of sick-jaip and rhubarb powders, are now numbered, a new era opens up; the medicinal properties of the are and most expansive drugs have been, by the action only to Doctor Carey, chemically a sale and taste removed, and made into the form of delicious cannies. There is no longer a precessity for parents forcing them.

useless particles, every ve. .ge of smell and taste removed, and made into the form of delicious cannies. There is no longer a necessity for parents forcing them selves or their children to swallow and strangle with loathsome-tasting physic.

CARET'S CATHABTIC CANDIES.

Have valuable medical properti a that no pills or powders ever can possess. They can be given to those with the most delicious stomachs, without the slightest knowledge that they are taking physic; they are not to be swallowed whole, being the same in the centre that they are on the outside; place one in the mouth before retiring for the night, allow it to dissolve slowly away—its taste will be found delicious, while there are variety of flavors to suit every palate. For all disease originating in the Stomach, the Bowels, the Liver, o he Kidneys, there has never been a medicine in exist noe that could equal them. They are guarenteed not countain a single particle of Mercury or other mineroes corrosive substance, and can be given to the weakst infant with perfect safety. Their penetrating properties cleanse and invigorate every portion of the human body, correcting its diseased action and restering its health, strength and vigor. Their effect upon the blood is to parily it from all unhealthy humors, and to instill into it a new life and richness that will cause the oldest and most aggravated complaints to speedily and permanently disappear. Subjoined is the certificate of the oclebrated chemist, Mr. V. S. Huttron, the highest authority in the United States, who has carefully examined and thoroughly tested the properties a d value of the Candies. Hear what he says regarding them:

SARSAPARILLA,

Scrofula and Scrofulous Diseases.

From Emery Edes, a well-known merchant of Oxford, Maine.

"I have sold large quantities of your SarsapaHills, but never yet one bottle which failed of the
desired effect and full satisfaction to those who took
it. As fast as our people try it, they agree there has
been no medicine like it before in our community." Eruptions, Pimples, Blotches, Pustules, Ul-

My daughter, aged ten, had an afflicting banor in her ears, eyes, and hair for years, which we were unable to care until we tried your Sarsarakilla. She has been well for some mouths."

From Mrs. Jane E. Elek, a well-known and wuchextreme lady of hemiscille, Cape Many Co., N. J.

"My daughter has suffered for a year past with a scrollous eruption, which was very froublesome. Nothing afforded any relief until we tried your SARSAPARTILLA, which soon completely cured her."

SARSAPARIJIAA, which soon completely cured her."

From Charles F. Gage, Esq., of the widely known Gage, Murray & Co., manufacturers of enamelled papers in Nashua, N. H.

"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost every thing a man could of both advice and medicine, but without any relief whatever, until I took your SARSAPARILLA. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body'n, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA."

From J. E. Johnston, Esq., Wakeman, Ohio.

For twelve years, I had the yellow Erysipolas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dellars worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be supported. I began taking your SARSAPARILLA. Took two bottles, and some of your PLLS. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parlia

Scald Head, Sore Eyes.

From Harvey Sickler, Fig., the able editor of the Tunkhammek Democrat, Pennsylvania.

Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, less with them he should tegropen the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your Sarsaparilla, and applying the todide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and was well when we had failed the second. The child's cyclashes, which had come the second. The child's cyclashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Morcurial Disease. From Dr. Hiram Sloat, of St. Louis, Missouri, "I find your Sansarallilla a more effectual remedy for the secondary symptoms of Syphitis and firsyphilite disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

best medicines we have."

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"DR. AYER. My dear Sir: I have found your SARSAPARILLA an excellent remedy for Syphilia, both of the primary and secondary type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more cortainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Lieu, of Nam Brunnick, V. L.

Mr. Chas. S. Van Liese, of New Brunswick, N. J., had dreadful aloers on his legs, caused by the abuse of morenry, or mercurial disease, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. Fow cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him Leucorrhos, Whites, Female Weakness,

From the well-inown and widely-celebrated Dr.
Jacob Morrill, of Cincinnati.
"I have found your SAUSAPARILLA an excellent elterative in diseases of females. Many cases of Irregularity. Lencorrhoea, Internal Ulceration, and local debility, arising from the scrofnlous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment." A lady, unwilling to allow the publication of her name, writes "My daughter and myself have been enred of a very debilitating Lencorrhou of long standing, by two bottles of your Sarsaparilla."
